Meeting called to order at 7:05pm by Chairman Jerry Noble. Welcome and introductions were made.

Officer White Recap

The report was from February 2012 and there were 5 thefts, 15 vandalism, 2 stolen properties, 2 DUIs and 2 disorderly conduct.

The officer discussed the action of 'The Night Owls' which is a gang from California that is attempting to expand out to the Beaverton area. There have been 5 suspects identified to be associated with the 'Night Owls' which were responsible for spray painting graffiti. Police believe that this is a juvenile fad and is aware of the situation and monitoring further criminal activity.

The city purchased the Caldwell Banker Building and there has been discussion of possible relocation of City Hall to the purchased property. There have been no final decisions made, only discussions of the most appropriate use of the space. The space is not appropriate for the police department because of traffic restrictions and adequate space needed. The police department has indicated 5 new property locations that would be appropriate for the new police department and a bond measure will have to be used to finance the new police facilities in the future. The City of Beaverton continues to grow with a population of 91,000 and this is another reason why the police department will need a larger facility in the near future.

Neighborhood Concerns

There has been a report of political signs as well as personal signs/flags taken from different yards. It was recommended that personal property should be taken in at night or identification be put on the items exposed in the front yard.

The City will pay 50% of the cost to repair sidewalks through a neighborhood program. For more information go to the city website for details and the appropriate forms.

Treasurer Report

The current balance in the checking account at the Oregonians Credit Union is \$1,285.24. There is \$1,505 in the savings account at OCU. A check for \$25.00 was mailed to the Highland NAC for the Vose NAC booth fund raising involvement at the farmers market in August.

MOTION- A motion to approve the minutes was made by Tammy Emmert, seconded by Henry Kane and approved unanimously.

BCCI Report

The BCCI representatives did not attend the recent meeting. Upcoming Community Events were reviewed and you can find more information on community events at www.beavertonoregon.gov.

New Business

Beaverton Recycling Day will be June 2nd and you can find more information as well as the online registration form at www.BeavertonOregon.gov/RecyclingDay. Each year, Beaverton's Neighborhood Association Committees partner with the City and several recycling vendors to help the community recycle items not taken at the curb. This free event requires dozens of volunteers to primarily help people unload their cars, but there are a limited number of "low impact" jobs available as well. There will be two volunteer shifts: 8am-12pm and 11am-3pm (last year each shift worker raised \$48 for your NAC). You can contact Jason Wachs, Neighborhood Program Coordinator, at 503.526.2543 or e-mail at jwachs@BeavertonOregon.gov

Vose NAC will partner a water station booth with the Denny/Whitford NAC for Sunday Trailways on June 23rd. The water station booth will be available from 11am-3pm on June 23rd and the focus is to raise awareness of NAC and neighborhood involvement.

The Vose neighborhood picnic will be on August 25th at Wonderland Park. More details of the picnic will be discussed at the June NAC meeting. There has been construction observed around the Wonderland Park area, Tammy will follow-up with the City to check the status of the construction around the park in August. Jerry will notify Jason Wachs of the Vose picnic date.

Meeting adjourned at 8:05.

A special meeting was called to order at 5:25pm. The meeting was called to discuss the City Traffic Engineer's Report, Issue No. TC 695 regarding the possible traffic control change on SW Anne Street at Clifford Street.

The Vose NAC Board Members discussed the situation regarding the proposed removal of existing "right turn without stopping" sign at SW Anne Street and Clifford Street as well as the ruling given by the Traffic Commission. The Vose NAC Board Members request updated data to justify a major traffic change. The data that was used by the Traffic Commission regarding issue number TC 695 was from June of 2009. Furthermore, there have been no accidents or injuries reported at the T intersection of SW Anne Street and Clifford Street.

MOTION-Tammy Emmert made a motion to appeal the ruling by the Traffic Commission on TC 695 on the grounds that the ruling was reached based on anecdotal reports and outdated statistics and needs to be properly vetted. The motion was seconded by Penny Douglas. Motion was unanimously approved.

The board members signed the motion to appeal the ruling and Jerry Noble will submit the signed appeal to the Traffic Commission.

Meeting Adjourned at 5:50pm
