Report on the "Boost" Program

Gayle Seely gave a report as to the recent meetings in Apartment complexes in the NAC. She reported that in spite of widely publicizing the events, including email notices, and flyers, the attendance was very slight. She then offered her opinion that, although it was worth trying the approach of having 'awareness' meetings in apartment complexes, she was of the opinion that we should find another approach to try to boost NAC involvement.

The Annual Beaverton Recycling Day Event has been cancelled for 2014.

The City has arranged an alternative method to help us generate funds. It is called the NAC Involvement and Awareness Challenged, and it runs from June 1st through June 30th. We discussed how this program works, and who and when we would participate.

Adjourn:

David Kamin adjourned the meeting at 8:50.
