5-Year Action Plan Discussion and Consultant Scope

After discussing the 5-Year Action Plan concept at the September 8th URAC meeting and September 23rd BURA Board meeting, staff is providing URAC a Draft Outline of a 5-Year Action Plan to be provided to a consultant for assistance in preparing this Plan.

Review the outline and be prepared for discussing the components of the outline. What is missing? Other comments and suggestions?

Once the Advisory Committee is comfortable with the outline, a recommendation to the BURA Board may be brought forward on the outline and to use a consultant. This year’s budget allocates approximately \$40,000 towards professional services.
