Quorum Present: Yes

- Sharon Dunham - Co-Chair
- Jen Fife-Adams - Co-Chair
- Scott Buyserie - Treasurer

General Members Present:

- ?

Meeting Start Time: 7:05

Meeting End Time: 8:45

Items Discussed

- Mark Hokkanen provided the THPRD update, sharing that Mountain View Champions Park won a design award of providing access to all, that PCC Rock Creek had the turf replaced on 2 fields, and that THPRD is looking into a bond measure to support affordable housing.
- One official (?) and two officers from THPRD uniformed security provided information on safety concerns in the parks, including that district-wide approximately 40,000 checks had been made by security, and of those 80 calls had been in response to homeless campers. Among parks in the SMNAC area, only three calls in 2018 were in response to homeless campers, with the majority of the rest due to people in the parks after hours.
- Officer Sutton provided the BPD update, discussing general safety matters with members of the NAC. He reminded residents that most thefts of items from vehicles are due to them being left unlocked, or with valuables in sight.
- Miles Glowacki provided the City update, sharing that Beaverton had been voted the number 3 place to raise a family by livability.com, reminding residents of the city-wide reading club for *The Wanderers* by Meg Howery, noting that accessing the Griffith Park city building will require going through metal detectors during Court hours of operation. Of special note, Miles also reminded us that on Feb 5th from 5:30 to 7:30 pm there will be an Open House on the Housing Options Project, as discussed in the November meeting.
- The Captain of Station 66 gave the TVF&R update, reminding everyone that the ballot in May will include a measure to renew a levy providing funding for a portion of TVF&R personnel and that residents are advised to shift from a 72 hour emergency kit to a 3 week emergency kit.
- SMNAC member Barbara Renker shared her experiences organizing a meeting with the Map Your Neighborhood Program, and Claudia Steiner-Fricker elaborated on both that program and the Community Emergency Response Team program. Both Barbara and Claudia recommended organizing MYN meetings with nearby neighbors so that people can work together preparing their 3 week kits, their Go and Get-Home bags, and their emergency communication plans.

Voting - No votes taken
